150th Anniversary of the Lasallian Mission in Hong Kong

Lasallians recognize that source of spirit deep within all members of the Lasallian Family and recognize that it is this spirituality that nourishes the sense of educational and vocational mission.

Lasallians continuously discover that living the educational mission meaningfully opens up ways to spirituality and awareness of the very Presence of God found in different faith traditions. Belonging to the Lasallian Family means experiencing the Absolute on a daily basis, in meeting others, in our ordinary tasks, especially when we discover the needs and talents of children and young people as well as our own.

The Lasallian involved in the work, project, or mission is called to be nourished in interiority and enriched in spirit, called to Transcendence and to sanctity in the tradition of faith and zeal for the educational mission to the children and young people begun by the Founder and the first Brothers. Lasallians are all called to nourish and share this view of interiority-spirituality, to perceive the mystery of the Divine indwelling in the midst of educational service.
